

Letter from Backwoods Furniture & Décor

“Hello, I am Dean Buettner the Owner & Founder of Backwoods Furniture and Decor!

I would like to tell you a little bit about myself and, why I started my Company.

I am a proud Veteran of the United States Military with over 20 years of service. I am by no means a craftsman woodworker, but always had the passion to build things.

One day I decided to start building patio furniture for our deck using concrete cinder blocks. I got to thinking, our grandson needed a toy chest for all the toys at our home.

It was a huge hit; so, I was asked to build one more for the other grandson. You see, a grandpa's work is never done.

On a day I had some spare time, I started creating a Wooden American Flag as a housewarming gift! It turns out, I get satisfaction out of building things that others can and will enjoy for years to come.

I then started to make a few for some for friends and family, then donated one to our local Police Department as well as a Wooden Texas Flag to our Local Animal shelter who helped us rescue our Dog, Ladybug. We now have Three rescues.

I do not make these for the profit but as for a work of art that all will enjoy and will last for generations.

This is my passion! One thing I have learned in life is, we are all afraid of failing, if we don't go after our dreams, we will never know what might be.”
